INSTRUCTIONS TO INNOVATORS

Manuscript Preparation

The manuscript should be ordered as follows: Title page, abstract, key words, text, references, figure and table legends, figures and tables. All manuscripts should be typeset in MS Word (Font: Times New Roman; Size: 12 points) double-spaced with at least 1" margin from all sides. Manuscript pages should be serially numbered.

Title Page: The first page of the article should contain the title of the paper, the names of innovators, affiliations and addresses. The address of the corresponding author should be provided in full.

Abstract: The second page must contain an abstract of not more than 200 words and 3-5 keywords.

Text: (not more than 1500 words) The text of an article should be divided into Background, Feasibility, Community Impact and Conclusion.

Tables and Figures: All figures and tables should be included as separate sheets or files, are to be numbered using Arabic numerals and be cited in text in consecutive numerical order. Soft copies of figures in Tagged Image Format or Joint Photographic Experts Group (TIFF or JPEG) with at least 300 dpi resolution in Grayscale mode is preferred. Legends to tables and figures may be provided on a separate page.

Abbreviations, Characters and Units: Define abbreviations that are not standard in a footnote to be placed on the first page of the article. Superscripts, subscripts and ambiguous characters should be clearly indicated. Units of measure should be metric or, preferably, SI.

References: The list of references should only include works that are cited in the text and that have been published or accepted for publication. Personal communications and unpublished works should only be mentioned in the text. Reference list entries should be alphabetized by the last names of the first author of each work.
