

## FEEDBACK ON CURRICULAR ASPECTS (2019-2020)

### TEACHER'S FEEDBACK

The feedback on Curricular aspects for the academic year 2019-2020 was collected from the teachers and were analysed by using a five-point scale.

\*Most of the teachers agree that the course /syllabus had made them interested in the subject area.

\*They also appreciate the opportunity given by the curriculum in providing practical learning to the students. (4.09)

\*Most of the teachers are highly satisfied with the availability of and accessibility of instructional materials and references in proportion to the Course content (4.16)

\* Further, it is also understood that there is clarity in course objectives (3.83)

\* Syllabus is need based according to majority and has the capacity to support students for higher learning as well as career opportunities (4.03)

**Action Taken: Teachers feedback was analysed in the IQAC meeting and is put forth for discussion in the college council meeting. Since the teachers felt that the balance between theory and application was not good enough, IQAC recommended the department to take up more value added courses in the upcoming year. The action taken report was then submitted to the governing body.**
