Anti ragging cell

Anti ragging cell functions in our college to educate the pupils on the perverse nature of ragging and its inherent degrading effect. This cell helps to keep a close eye on ragging and be vigilant about it in order to stop it from happening.

This cell is functional with the Manager of the institution, Principal, Vice principal, a Senior teacher as the coordinator and four faculty members as joint-coordinators. The teacher coordinator of the cell, Dr Milon Franz, discussed about the guidelines issued by MHRD regarding the steps to be taken to prevent incidents of ragging in the campus. An awareness class was given to the class prefects and asked them to propagate the message of anti ragging among students. Complaint boxes fixed in the campus were frequently checked, but no complaints about the ragging were found in the academic year. An orientation class was given to the freashers so that they can report any kind of ragging to the teacher in charge without any hesitation. The rules to prevent ragging and its penalties were displayed in the notice board so that everyone will be aware about it.
