General Feedback System

IQAC has modified the form for collecting student feedback at St. Xavier's College for Women, Aluva. Students provide feedback on their teachers, departments, and the college on an annual basis. Due to the pandemic situation, feedback was collected using google forms during the academic year 2020-2021. Maximum participation was ensured through the guidance of the class in charge. Approximately 72% of students from first- and second-year graduates participated in the feedback process. The scoring was done on a 5-point scale and the feedback analysis was made to make appropriate improvements. Suggestions for improvement were also collected in the comment box. The features of the feedback include:

- **Anonymity** – to encourage candid feedback without fear of reprisal from anyone.
- **Digital** – to ensure high participation
- **Comprehensive** – Feedback is gathered at the department and college levels.
- **Third-party Analysis** – objective analysis performed by the computer lab.

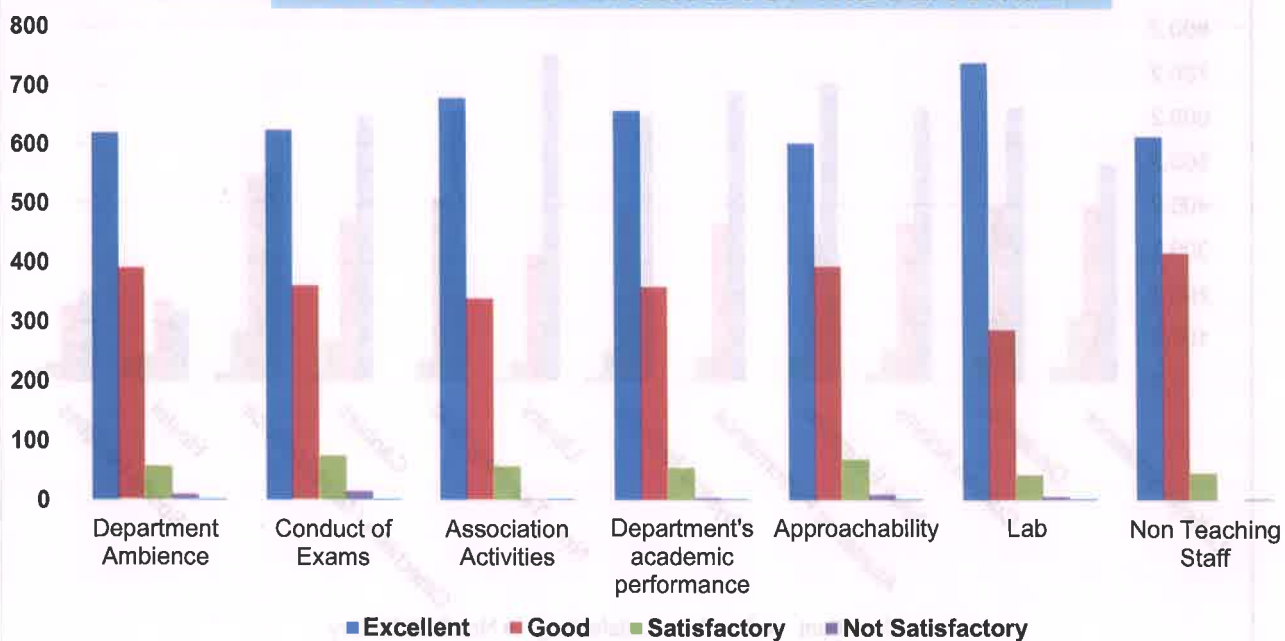

Proper follow-up measures are taken by the Principal based on the analysis report to enhance the potential of the faculty and the departments.
