

# **ST. XAVIER'S COLLEGE FOR WOMEN, ALUVA** REACCREDITED BY NAAC WITH A GRADE (CGPA 3.33) ISO 9001-2015 CERTIFIED

# ENERGY & ENVIRONMENT CONSERVATION CLUB ANNUAL REPORT 2021-2022

# St. Xavier's College for Women, Aluva

Affiliated to Mahatma Gandhi University, Kottayam Re-accredited by NAAC with A grade (CGPA 3.33)

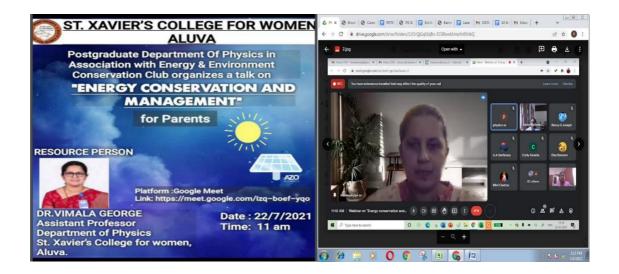

- 1. Title of the program : Activities of Energy and Environment Conservation Club (EECC) 2. Name of the Coordinator/s : Vimala George & Jonis V C
- 3. Organizing Department/Cell/ Club
- 4. Date
- 5. Number of Members/Participants
- 6. Objective of the Program/events

- : Energy & Environment Conservation Club (EECC) : 2021-22
- : 56
- (i) Create awareness and equip them for efficient management of all forms of energy
- (ii) Promote the use of non-conventional energy sources
- (iii) Develop new sources of energy as well as novel energy technologies with a view to use the energy on a sustainable basis.
- (iv) Conducting awareness programmes to the public.

### 7. Description of the event

## Activity 1: Awareness class on Energy Conservation and Management

EECC in association with the Dept. of Physics arranged an online awareness class on the topic of energy management and conservation on 22/07/2022 to the parents of Physics students. The club coordinator elaborated on the topic by explaining methods of energy management in the domestic sector. Energy conservation in almost all home appliances is discussed in the webinar.

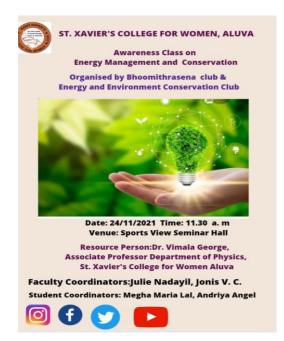

### Activity 2: College level Power Quiz

Every year, the electricity department of the state conducts a power quiz competition among college students across the state, to create technical and policy-wise awareness of the electrical department of the state. A trial round and the preliminary level competitions were conducted in college-level on 24/10/2021 and 31/10/2021 respectively and the two selected students participated in the district level competition on 25/11/2021. The competitions were conducted in online mode.

#### Activity 3: Awareness Class on Energy Management and Conservation to members

On Nov 14 2021 Energy and Environment conservation club organised an awareness talk on energy management and conservation. The main objective of the event was to enhance sustainable development by creating awareness of energy conservation and management. On this day, Dr. Vimala George, EECC coordinator delivered a talk, emphasising the dire need for energy management and conservation of nature. Through her speech, she made an appeal to everyone to contribute towards maintaining the energy balance in nature. She insisted that community participation in protecting and conserving energy is essential. Bhoomithra club also associated with EECC for this programme.

#### **Activity 4: Poster Designing Competition**

In connection with the National Energy Conservation Day, EECC in association with Bhoomithra club, conducted a poster designing competition on 16/12/2021. The competition was organised to ignite the fire of imagination and creativity in the students. The theme of the competition was Sustainable Development through Energy Conservation. Students were asked to express their ideas through paintings and sketches. The young learners displayed their artistic skills through an array of posters. Students from various departments of our college participated in the competition with immense zeal and enthusiasm and made beautiful posters which gave the message of saving our mother Earth through conserving energy to our future generations. It was a great opportunity to watch these young minds creating and displaying their ideas on paper.

8. Outcome of the events: All the events created awareness regarding the need of energy conservation and the different methods which can be opted in daily life to achieve the goal of energy conservation and thereby a sustainable future.
